2021 Changes to Income Tax Forms

Due to recent modifications to Forms 140, 140NR and 140PY, certain additions and subtractions (adjustments to Arizona Gross Income) have been moved from pages 1 and 2 to pages 5 (additions) and page 6 (subtractions).

2021 Arizona Standard Deduction Amounts Adjusted

The 2021 Arizona standard deduction amounts are:

- \$12,550 for a single taxpayer or a married taxpayer filing a separate return;
- \$25,100 for a married couple filing a joint return; and
- \$18,800 for individuals filing a head of household return.

Change to Standard Deduction Increase for Charitable Contributions Computation

For tax year 2021, taxpayers who did not itemize deductions on their 2021 federal return and elected to take the standard deduction on their Arizona tax returns are **not required to reduce** the total amount of their 2021 qualifying charitable contributions by the amount for which they took the allowable charitable contribution deduction on their federal tax returns.

2021 Individual Income Tax Brackets Adjusted for Inflation

For 2021, the Arizona individual income tax brackets on Tax Table X & Y were adjusted for inflation.

The 2021 Optional Tax Table (for taxpayers with taxable income less than \$50,000) was also adjusted for inflation. For specific amounts, see the Optional Tax Table and Tax Table X & Y.

2021 Tax Surcharge

Beginning with tax year 2021, Proposition 208, which was passed by voters in the 2020 general election, requires individuals with taxable incomes of more than \$250,000 (single and married filing separate) and more than \$500,000 (married filing joint and head of household) to remit an additional tax surcharge.

For taxpayers subject to the additional tax surcharge, Tax Tables X and Y were modified for 2021 to provide examples to help taxpayers compute and report their regular tax and tax surcharge amounts on their respective income tax returns (Forms 140, 140NR and 140PY).

Arizona Small Business Income (SBI) Tax

On July 9, 2021, Governor Doug Ducey signed into law Senate Bill 1783, creating a small business income tax by enacting Arizona Revised Statutes (A.R.S.) § 43-1701, effective for tax years beginning from and after December 31, 2020. The small business income tax rate for tax year 2021 is 3.5% of the amount of a taxpayer's computed Arizona small business taxable income.

Taxpayers filing Arizona Form 140, 140NR or 140PY with small business income reported on Federal Schedules B, C, D, E, F and Form 4797 and included in their federal adjusted gross income may *voluntarily elect* to report their small business income on the corresponding Arizona Small Business Income Tax return (Form 140-SBI (full-year resident), 140NR-SBI (nonresident) or 140PY-SBI (part-year resident)). This election is made annually by simply timely filing an SBI return and does not bind the taxpayer to having to report small business income separately in subsequent tax years.

Taxpayers who elect to report small business income on one of the forms listed above are required to adjust their regular income tax returns by reducing their federal adjusted gross income by the amount of small business income reported on the SBI returns.

Several new forms were created relating to the SBI tax form. They include, but are not limited to, the following.

- Form 301-SBI (nonrefundable tax credits claimed on the SBI tax return).
- Form 309-SBI (Credit for taxes paid to another state or country on Arizona small business income).
- Form 204-SBI for making extension payments for the small business income tax return.

For more information including filing requirements, see the SBI form and instructions applicable for your residency status.

Subtraction for Contributions to a 529 College Savings Plan

Recent legislation amended the amount of allowable contributions directly made to a 529 *College Savings Plan* on behalf of the designated beneficiary that can be subtracted from Arizona gross income if such contributions were not deducted in computing federal adjusted gross income. For tax year 2021, taxpayers may subtract the amount contributed during the year up to a maximum of \$2,000 per beneficiary (\$4,000 for a married couple filing a joint return). If you are married filing separate returns, either you or your spouse may take the subtraction, or you may divide it between you, but the total subtraction taken by both of you cannot be more than \$4,000 per beneficiary.

Subtraction for Contributions to 529A (ABLE) Accounts

In addition to the allowable subtraction for contributions to a 529 College Savings Plan, certain individual taxpayers may also take a subtraction for contributions made during the taxable year to a 529A, *Achieving a Better Life Experience (ABLE)* account, during the taxable year on behalf of the designated beneficiary if such contributions were not deducted in computing federal adjusted gross income.

For tax year 2021, taxpayers may subtract the amount contributed during the year up to a maximum of \$2,000 per beneficiary (\$4,000 for a married couple filing a joint return). If you are married filing separate returns, either you or your spouse may take the subtraction, or you may divide it between you, but the total subtraction taken by both of you cannot be more than \$4,000 per beneficiary.

For more information on the allowable subtraction for contributions to a 529 plan or 529A account, see the instructions for Forms 140, 140NR or 140PY.
